

Sneha Sivi

Python Full Stack Developer

Alappuzha, Kerala, India | +91 9562573185 | snehasivi123@gmail.com | linkedin.com/in/sneha-sivi

PROFESSIONAL SUMMARY

MCA graduate and Python Full Stack Trainee with hands-on experience in Django, Flask, MySQL, JavaScript and Bootstrap. Skilled in building database-driven web applications with user authentication and role-based access. Seeking a junior Python/Django developer role.

TECHNICAL SKILLS

Languages	Python, SQL, JavaScript
Backend	Django, Flask
Frontend	HTML5, CSS3, JavaScript, jQuery, Bootstrap
Databases	MySQL
Libraries	NumPy, SciPy
Concepts	OOP, Role-Based Access Control, User Authentication
Tools	Git, VS Code, Eclipse, MySQL Workbench

PROFESSIONAL EXPERIENCE

Python Full Stack Trainee <i>Quest Innovative Solutions, Kochi</i>	Aug 2025 – Present
- Build full-stack web applications using Python, Django, MySQL and a JavaScript/Bootstrap frontend. - Developed an Online Attendance System end to end, covering backend logic, database and user interface. - Debug and troubleshoot issues across frontend, backend and database layers.	

PROJECTS

Online Attendance Management System <i>Python, Django, MySQL, HTML, CSS, JavaScript, Bootstrap</i>	2025
- Built a web application that automates attendance management for educational institutions. - Implemented role-based modules for Admin, Teacher and Student, with secure login authentication for teachers and students. - Developed date-wise attendance reports to analyse student attendance patterns. - Designed a centralised database to store and manage attendance records efficiently.	
Traffic Congestion Prediction with Voice Assistant (MCA Project) <i>Python, Flask, NumPy, SciPy, MLPRegressor</i>	Jan – May 2025
- Developed a Flask application that forecasts traffic congestion from historical traffic and weather data using an MLPRegressor neural network. - Processed and structured 100,000+ records using Python, NumPy and SciPy; trained the model on 6,390 data files. - Integrated the Google Assistant API to enable hands-free voice-command interaction.	

EDUCATION

Master of Computer Applications (MCA) <i>APJ Abdul Kalam Technological University</i>	Aug 2023 – Mar 2025
Bachelor of Computer Applications (BCA) <i>Kerala University</i>	Jun 2020 – May 2023
Diploma in Computer Applications (DCA) <i>C-DIT</i>	May 2019 – Mar 2020

CERTIFICATIONS

- Cloud Computing – NPTEL
